**GAMECHANGERS PRODUCTIONS** is looking for the following talent to take to the cities of the world. Singers, Songwriters, Actors, Models, Dancers, Comedians, Screenwriters, Directors, Producers, Marketers, Promoters, Mentors, Investors, etc.

**MISSION** - To create stage productions, the first being "Follow Your Dreams" consisting of actors, models, singers, dancers and comedians. The purpose of the production is to encourage people to follow their dreams and to help others revive dreams they've let die. This production is designed to tackle depression and suicide first in our nation and then to the world. Psalm 139 talks about the plans the Lord has written on our personal scrolls in heaven. We aim to help others find theirs through these productions.

**THE STAGE** - Hosted in dinner theaters, hotel ballrooms, churches, auditoriums, etc., the purpose is to **CHANGE THE GAME OF SHOWBIZ**. Performance tickets will be sold, dinner provided (where suitable), and the show will go on.

**THE MESSAGE** - The performance will portray to the audience, no matter what situation they are in, it's never too late to pursue their God-given dreams. Counseling and prayer will be available after the performances along with a way to network with each other. We will be networking with local churches and organizations in each community.

*If you are interested in more info or joining, please contact Joseph James. We plan to film each production so that each actor will be able to use the footage for their reels/promotions.*
